

STUDENT FLUOROSCOPY

Radiologic technology students shall not independently perform diagnostic fluoroscopic procedures.

Responsibility: Students, Supervising Technologist
Standard: Radiation Protection

Students may operate the fluoroscopy unit for patient procedures only under the direct supervision of a Licensed Practitioner.

During any fluoroscopy exam or procedure, students are required to wear appropriate radiation protective wear.

During any fluoroscopy exam or procedure, a radiation monitoring device shall be worn by the student at the collar level on the anterior surface of the body and outside the radiation protection apparel.
